MEMORANDUM

FOR : The CENR Officer

THRU : The Chief, RPS

FROM : FT Roland Cabrillos and FR Angelo Militante

SUBJECT : **NARRATIVE REPORT ON THE CONDUCT OF INSPECTION/VERIFICATION OF THE PLANTED TREES MANUFACTURED INTO LUMBER WITHIN PRIVATE PROPERTY SITUATED AT BRGY. JAGUIQUICAN, LAUA-AN, ANTIQUE.**

This pertains to the undated letter of Tobias Amedo and executed a Special Power of Attorney authorizing his son Even Amedo, requesting this office to conduct inspection/verification of their planted trees manufactured into lumber derived within private property with approved CTPO no. 2018-14 situated at Brgy. Jaguiquican, Laua-an, Antique. The undersigned conducted inspection/verification on the above noted subject on July 27, 2022.

Findings and observations showed:

1. That the undersigned coordinated with the applicant and proceeded to the area of plantation;
2. Per inspection/verification, the Mahogany trees were already cut/sliced into different sizes as indicated by the stumps found thereat;
3. That the manufactured lumber subject for transport consist of 1,307 pieces of Mahogany in assorted sizes with a total volume of 10,517.67 board feet or equivalent to 24.81 cubic meters;
4. That the said lumber will be transport to Sampaguita St. Zapote Road, Area D. Camarin, Caloocan City via Caticlan Port, Malay, Aklan to Batangas port.

Recommendation:

Based on the above findings, the same forest product is highly recommended for the issuance of Self Monitoring Form (SMF) and Certificate of Transport Agreement (CTA) in favor to the applicant.
