MEMORANDUM

FOR : The CENR Officer
DENR, CENRO, Belison, Antique

THRU : For. Russel Y. Rizado
Senior EMS/Chief, CDS/ NGP Coordinator

FROM : FT I MARIA LUISA R. CANGAYDA

SUBJECT : **SITE VISIT/ASSESSMENT ON THE STATUS OF THE CONSTRUCTION OF 50 C.U.M. SMALL WATER IMPOUNDING STRUCTURE (SWIS) AT BRGY. BAWANG, SAN REMIGIO, ANTIQUE.**

On August 10, 2022, the representatives from PENRO and CENRO personnel conducted site visit/assessment on the status of the physical accomplishment of the POs on the implementation of SWIS CY 2022 target. The team were composed of CENR Officer Louie L. Laud, PENRO Accountant Mark G. Banusing, SVEMS Anthony E. Evangelio, Joery D. Oczon and MENRO Designate Ruth A. Martinez. Prior to the activities, the team coordinated with Punong Barangay Betty S. Ignacio and PO President Alex I. Mariano and discussed the purpose of the travel.

After which, the team directly proceeded to the project site. During the visit, it was observed that some of the planted bamboo within ENGP CY 2018 grows robustly despite the fact that the plantation suffered from rat infestation and forest fire. Continuous planting of the PO is being conducted to ensure high survival of planting materials. Based on the assessment of the team, the structural component of SWIS has followed the prescribed plan and estimates and had already attained 100% accomplished. Geo-tagged photos were also undertaken.

Therefore, the team recommended that the PO should conduct incessant maintenance & protection activities and shall request for 100% billing of the accomplished SWIS Project.
