

5. The team had accomplished 15.68 kilometers of continuous foot patrol and there were no threats observed by the team during the patrolling and monitoring activities.

As of this date, the team accomplished the total of 23.29 kilometers foot patrolled for the month of July 2022.

Action taken:

- We took geotagged photos and recorded the observation of forest condition.

Recommendation:

- Continuous patrol work within the areas for visibility of DENR Personnel and monitoring activity to prevent the occurrence of any illegal activities.
- Continuous Information Education Campaign (IEC) to help educate the local communities of the particular sitios/barangay of the existing Environmental Laws Rules and Regulation.
