MEMORANDUM

FOR : The CENR Officer
DENR, CENRO, Belison, Antique

THRU : The Chief Enforcement and Monitoring Section
DENR, CENRO, Belison, Antique

FROM : Lawin Team 3

SUBJECT : **ACCOMPLISHMENT REPORT IN THE CONDUCT OF LAWIN
FOREST AND BIODIVERSITY MONITORING SYSTEM.**

This is in connection with the DENR, CENRO Enforcement Monitoring Section targets and Bio-Diversity Protection Monitoring System in the timberland and conservation areas in the Municipality of Sibalom and Patnongon, Antique.

On July 12-15, 2022, LAWIN team 3 composed by Forest Rangers Roderick L. Orfelia as team leader, Alex Gatila and Forester I Felix Serrano as members, conducted foot patrol using Cyber Tracker program within protected area of Sibalom especially to Sibalom Natural Park (SNP), Brgy. Tordesillas, Sibalom, Antique. Upon arrival, the team coordinated with barangay officials on duty especially to Punong Barangay Hon. Rudy Abanto PO Officers and members and likewise to some local residents of the barangay. After a short conversation and coordination, the team started the foot patrol within the timberland and protected area of the above-mentioned barangay together with Bantay Gubat member Josie Odonzo as guide person.

During the conduct of foot patrol, below were the findings/observation;

FINDINGS/OBSERVATIONS;

1. In our established patrol route, the team started at Brgy. Tordesillas, Sibalom, Antique within the protected area of Sibalom Natural Park (SNP), and focused on threats monitoring.
2. The team observed the threats every 100 meters walk within the established patrol route.
3. The established patrol route has an elevation of 120-450 meters above sea level.
4. Forest conditions were composed of early secondary and advanced secondary forest conditions. Trees found in the area were Balud, Akleng Parang, Pagsahingin, Mahogany, Gmelina, Tibig, Lamnog, Kansilai, Lisak, Narra, Toog, Duhat, Acacia,
