MEMORANDUM

FOR : The CENR Officer
DENR CENRO, Belison

THRU : The Chief, Conservation and Development Section

FROM : JESSER F. HERBILLA
Forest Extension Officer/Site Coordinator

SUBJECT : **NARRATIVE REPORT OF ACCOMPLISHMENTS OF THE UNDERSIGNED
AS PER TRAVEL ORDER DATED AUGUST 2-5, 2022.**

In compliance to the travel order dated August 2-5, 2022, please be informed that the undersigned travelled to So. Libudon Barangay Walker and Barangay Insubuan, San Remigio, Antique.

Prior to the said activities, the undersigned properly coordinated with PO Officers for courtesy and discussed the purposes of travel while following proper guidelines and protocol of new normal situation.

Due to the scarcity of planting materials especially fruit trees seedlings the undersigned gathered assorted 885 tisa, 330 kamansi (bread fruit) and 40 indian mango to be given to the PO of So. Libudon, Brgy. Walker San Remigio, Antique to augment needed seedlings in their enhanced re-planting activities.

Also collected old campaign materials/flyers to be used as markers attached to sticking for easy identification of their re-planted seedlings.

The undersigned also observed that past re-planted seedlings by the PO were uprooted and being eaten by some cattle which grazed inside the enhanced NGP project of WUFLA.

As of last week, WUFLA have re-planted assorted fruit trees seedlings breakdown as follows: Star apple (kaimito) 59, Indian Mango $287+40=327$, Jack fruit 260, Cashew 20, tisa 885, kamansi (bread fruit) 330 a total of 1,881 fruit trees seedlings.

In preparation for the incoming validation the undersigned instructed the PO to double their time and effort in their remaining unfinished business to attain higher survival rate.

RECOMMENDATION:

It is highly recommended by the undersigned that the PO must be vigilant in monitoring the survival of the out planted seedlings especially in the area of adverse claimant which grazed their animals inside the project subject for enhancement to ensure higher survival of the plantation as per agreement (Kasugtanan) derived during the technical conference held at this office last June 29, 2022..

PHOTO DOCUMENTATION

Collection of assorted fruit tree wildlings of tisa and kamansi (bread fruit) to be used as augmentation planting materials for WUFLA.

Pruning of undesirable leaves and branches, collected old campaign materials/flyers for markings, hauling of seedlings from So. Gahit to So. Libudon and actual enhanced re-planting.

Past re-planted survived and uprooted planted seedlings caused by herds of cattle which grazed inside the enhanced NGP project which possess threat to the survival of the newly re-planted seedlings.

For information and record.
