II. BACKGROUND

The Barangay Patlabawon, Antique can be reached by any kinds of vehicle with a distance of 7 kilometers from town proper of Patnongon, Antique. The CBFM area can be reached thru hiking of more or less one (1) hour.

The site falls under the climatic type I condition characterized by the absence of very pronounced seasons but would be relatively dry from November to April and wet during the rest of the year. The terrain of the site varies from undulating to rolling steep with slopes ranging from 10-100 percent with average elevation of 50-300 meters above sea level.

The CBFM Project area was previously a Reforestation Project awarded with CBFMA and represented by Mr. Rodrigo Mondejar as PO President with 88 total beneficiaries.

Farming is the main source of livelihood in the community. Rice is the major farm product associated with other agri-crops such as corn, mongo, beans, banana, ginger and other root crops.

III. METHODOLOGY

The undersigned conducted the monitoring and evaluation on the status of the CBFMA awarded to the Peoples Organization of Patlabawon, Patnongon, Antique. on July 27-28, 2022

- Leveling off of plans and gathering of secondary data/information relative to the project implementation.
- Coordination to the PO concerned officers and other key officers and other project beneficiaries.

IV. FINDINGS

The CBFMA holder BPISFUFAl Barangay Patlabawon ISF Upland Farmers Association Inc. (BPISFUFAl) has complied with the terms and conditions in the agreement specifically the following:
