MEMORANDUM

FOR : The CENR Officer
DENR-CENRO Belison

THRU : The Chief, Enforcement and Monitoring Section
DENR-CENRO Belison

FROM : The Forest Ranger's/LAWIN Team I

SUBJECT : **ACCOMPLISHMENT REPORT IN THE CONDUCT OF LAWIN FOREST
AND BIODIVERSITY MONITORING SYSTEM**

This is in line with the implementation of LAWIN Forest and Biodiversity Protection System using the Cyber tracker being undertaken by the Enforcement and Monitoring Section. The LAWIN Patrol Team I had conducted foot patrol within the timber land area of Barangay Cananghan, Valderrama, Antique.

On August 10-12, 2022, the LAWIN Patrol Team I headed by our team leader FR. Chris Patrick R. Dalumpines, FR's Melquiades H. Panaguiton and FR. Warren J. Sustento members, conducted patrolling and monitoring activities in the timberland area of Barangay Cananghan Municipality of Valderrama, Province of Antique.

Upon arrival at Barangay Cananghan proper the team coordinated at Barangay outpost, the Officer of the Day Brgy. Tanod Mr. Roxy Canja and talked about our purpose of travel, afterward the team ask for assistance to guide us, but since no available the team ask safest direction going to our patrol route, and the team proceeded to the area. thereafter, the team proceeded to the timberland area.

Upon reaching in the timberland area, the starting point, the team opened the Cybertracker application and took geotagged photos of the team's members and started the foot patrol. During the foot patrol a 100 meters' distance or every 15 minutes walked by the LAWIN team through Cybertracker application, observed different threats.

Below are Findings and Observations:

1. The established patrol route has an elevation of 500-600 meters above sea level.
2. The forest conditions observed were composed of early secondary growth forest species like Payhod, Toog, Pagsahingin, Antipolo, Balete, An-an, Gmelina, Balud, Ipil-ipil, Caimito, Native Lumboy, Tapuyay, Pangadlawan, Dita, Inyam, Mangga and other miscellaneous trees species.
3. There was a Firm Tree/Pakong buwaya "*Cyathea contaminans*" were found along our patrol route within the timber land area of Brgy. Cananghan, Valderrama, Antique.

4. Another threat observed was the Hunting Traps during the foot patrol along our patrol route.
5. The team had accomplished 11.63 kilometers of continuous foot patrol.

As of this date, the team accomplished a total of 18.72 kilometers the distance patrolled for the month of August 2022.

Action taken:

- We took geotagged photos and recorded the observation of forest condition.
- We immediately dismantled/destroyed the traps.

Recommendation:

- Continuous patrol work within the areas for visibility of DENR Personnel and monitoring activity to prevent the occurrence of any illegal activities.
- Continuous Information Education Campaign (IEC) to help educate the local communities of the particular sitios/barangay of the existing Environmental Laws Rules and Regulation.
