MEMORANDUM

FOR : The CENR Officer
DENR, CENRO Belison

THRU : FOR. RUSSEL Y. RIZARDO
CDS Chief/ NGP Coordinator

FROM : FT I CHERRY J. SOBRINO

SUBJECT : 10th NATIONAL RESEARCH CONFERENCE ON GENDER AND FISHERIES VIA ZOOM.

As per Memorandum from the Regional Executive Director re: invitation letter from the National Network on Women in Fisheries in the Philippines, Inc. (WNFISH) regarding the 10th National Research Conference on Gender and Fisheries scheduled on August 10-12, 2022 via zoom online platform with its theme, "Overcoming Pandemics and Disasters: Resiliency Stories in Fisheries".

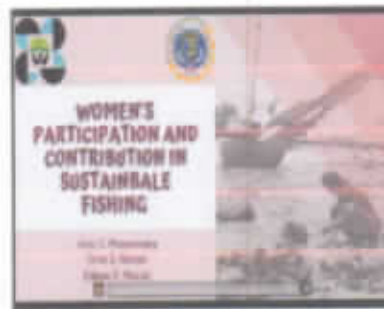

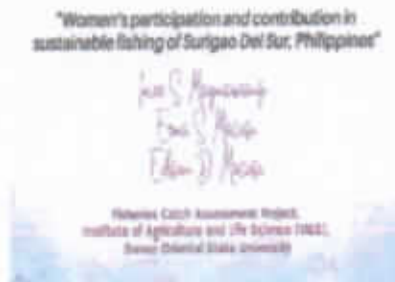

This conference focuses on the experiences of women, men and people of diverse sexual orientation, gender identity, gender expression and sex characteristics (SOGIESC) in the fishery sector as they face the current challenges, which disturbed the economic, political and social life of society as a whole.

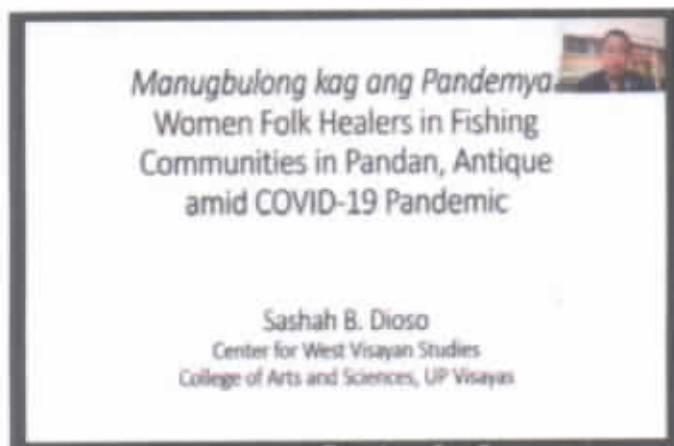

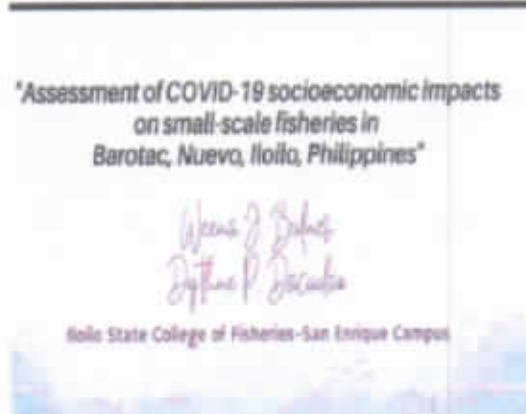

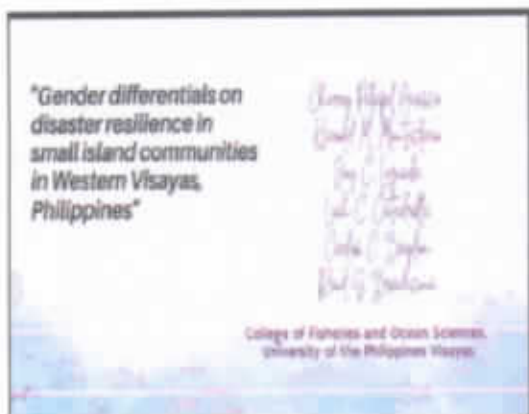

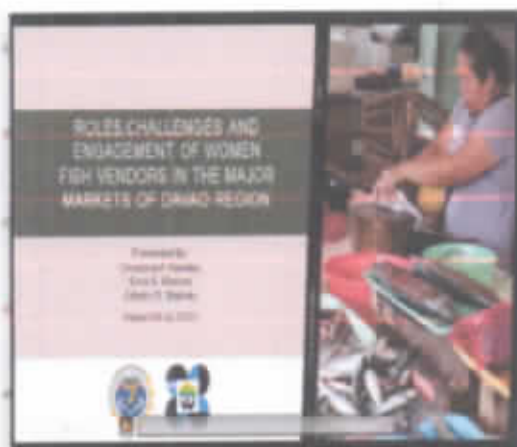

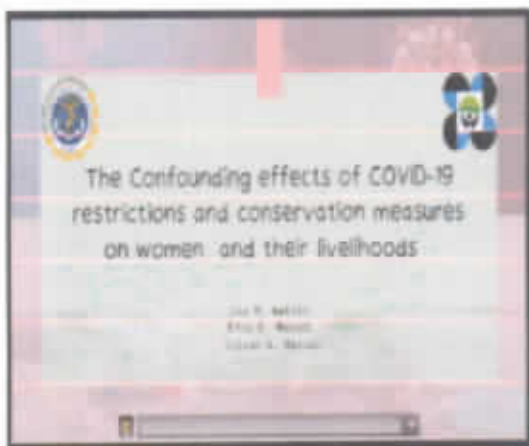

The undersigned registered/attended the said event. This lasted for 3 consecutive days in half day basis starting 8:00 am to 12:00 noon. Different topics were presented and discussed by the researchers. Each day, after all research topic were presented, this was followed by open forum. Researchers and moderators were awarded with Certificate of Appreciation for their participation, presentation and valuable contribution during the 10th National Research Conference conducted last August 10-12, 2022.

The undersigned gained some insights re: productive and reproductive role of women in fishing industries, women are more productive on meetings and seminars, willing to participate in various activities, women have a contribution to fishing industry to be sustainable by participating in activities related to protection and preservation of protected fishery resources thru regular conduct of coastal clean up and by proper management of waste at home.

Below is the research title presented by different researchers during the said conference.
