MEMORANDUM

FOR : The CENR Officer
DENR, CENRO Belison, Antique

THRU : The Chief, Enforcement Section
CENRO Belison, Antique

FROM : LAWIN San Remigio Patrol Team 2

SUBJECT : **ACCOMPLISHMENT REPORT IN THE CONDUCT OF MONITORING OF FOREST AND BIODIVERSITY PROTECTION SYSTEM.**

In connection with the monitoring of Forest and Bio-Diversity within San Remigio, Antique, Lawin Patrol Team 2 had conducted foot patrol within the conservation area of Brgy. Osorio 2, San Remigio, Antique headed by Forest Ranger Arnold L. Latoza, Forest Ranger Jerrylyn Marie C. Nietes, Forest Ranger Edison B. Esparar and Forest Ranger Regner C. Peremne, conducted foot patrol in Barangay Osorio 2 and Bulan-bulan, San Remigio, Antique last July 5-8 & 12-15, 2022.

Log- in first in Logbook at Brgy. Aningalan before entering Brgy. Bulan-bulan, San Remigio, Antique

Before proceeding to the conservation area, the Lawin Patrol team coordinated with Brgy. Kagawad Rhoda Valiente of Brgy. Aningalan, regarding our entry point of Brgy. Aningalan to Brgy. Osorio 2 and Bulan-bulan, San Remigio, Antique, after a short conversation regarding the Lawin patroller's objectives, thereafter, we proceeded to the conservation area/patrol area.

FINDINGS AND OBSERVATION:

1. Forest conditions were composed of early secondary forest like Makapara, Tabuyog Pagsahingin. Maglati, Tabuyog, Agdao, Dao, Marugna, Bakan, Akleng Parang, Toog, Inyam, Duhat & Kansilay which was seen while we are monitoring of Forest Bio-Diversity at Brgy. Osorio 2, and Bulan-bulan, San Remigio, Antique.
2. During the conduct of monitoring, there were open areas which has new generants of Akleng Parang were seen which is planted by indigenous specie in ENGP 2014.
3. Mossy forest and Open canopy were observed within the conservation area.
4. No cutting of illegal activities were seen along the track area as of July 5-8 & 12-15, 2022
5. A total of 21.49 kms. were tracked and recorded using the cyber tracker program.

Photo shown above Lawin Team 2 before Lawin foot patrol

After the tracking of 21.49 kilometers on the field, no further threats were observed as of July 5-8 and 12-15 2022 we recommend the open areas to be included in the ENGP for CY 2022.

RECOMMENDATION:

We recommend continuous Information Education Campaign (IEC) on PD 705 Forestry Laws and Solid Waste Management in Brgy. Osorio 2 and Bulan-bulan, San Remigio, Antique.
